TO WHOM IT MAY CONCERN

This is to say that I have known Mr D A Abhijith, who graduated from PESIT in 2005 in the discipline of Information Science & Engineering.

As I have seen, Abhijith is intelligent and industrious. He had been regular to his classes and responsible with the assignments and has a good degree of eagerness and understanding. With his commitment and hard work he has earned his degree in First Class with distinction from the Visvesvaraya Technology University. Overall, I classify him as motivated and sincere. His thought and expression are clear enough to help his own development as well as that of the endeavor that he might indulge in.

I recommend, with no hesitation, that he deserves every encouragement in all his pursuits, and wish him the very best.
